§24–809.

Except for violations of any laws that could arise from residue attached to or contained within hypodermic needles or syringes being returned or already returned to the Program, nothing in this subtitle provides immunity to a Program staff member or Program participant from criminal prosecution for a violation of any law prohibiting or regulating the use, possession, dispensing, distribution, or promotion of controlled dangerous substances, dangerous drugs, detrimental drugs, or harmful drugs or any conspiracy or attempt to commit any of those offenses.
